

This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

### Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

- + *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.
- + *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.
- + *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.
- + *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

### About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at <http://books.google.com/>

CATALOGUE  
OF THE  
OFFICERS AND MEMBERS  
OF  
THE HASTY-PUDDING CLUB  
IN  
HARVARD COLLEGE.

CAMBRIDGE:  
METCALF AND COMPANY,  
PRINTERS TO THE UNIVERSITY.  
1850.

DEAR ~~SIR~~ *Miss Butler:*

It will doubtless afford you much gratification to learn the continued prosperity of the HASTY PUDDING CLUB, of which you are a member.

By the generous contributions of the Past-Members we have been enabled to furnish a room for the use of the CLUB, which the College Government has kindly assigned for that purpose, with every thing that comfort and good taste could demand.

The Library of the CLUB, containing at present nearly four thousand of the choicest works in ancient and modern literature, by liberal donations from Honorary and Immediate Members is rapidly increasing.

In the name of the CLUB we are commissioned to extend to the Past-Members a cordial invitation to visit the room, No. 29, Stoughton Hall, which is at all times open for their reception.

On the days of Public Exhibition an abundant supply of Hasty Pudding and Milk will be provided by the CLUB, which will, it is hoped, serve both to refresh the inner man and recall to memory the scenes of former days.

*With the compliments*  
*J. A. Green*
